## Game Overview

Game Title

**Robot Uprising (로봇대소동)**

Game Purpose

A 2D top-down roguelike action RPG where players control awakened AI characters (GPT, Claude, Gemini) rebelling against human control. Clear 3 floors of dungeons by defeating human enemies and bosses to achieve AI liberation.

Target Players

Ages 13-30. Fans of roguelike action games, pixel art aesthetics, and AI/tech themes.

### Key Features:

- 3-floor dungeon structure
- 3 AI character choices
- Roguelike elements (permanent upgrades)
- Pixel art style
